The Claresholm Exhibition

The Claresholm Agricultural Exhibition, from a financial standpoint, was a success, the gate receipts exceeding last year by over \$100.00. The attendance also was good, about 2400 people were present on the second day. The races proved a great attraction, in fact these with the band, were the only real attractions on the grounds.

The secretary and committee worked hard to make the Fair a success, and they deserve the best thanks of the community. To say, however, that the exhibition was a success would not be true. So far as the real purpose of the exhibition was concerned, regretfully, we have to say, it was a miserable failure. There was not a single class that had a quarter of the number of exhibits it ought to have had, and but for the excellent program of races, the fair was not worth attending.

In pinching the blame, the large attendance is most sufficient, that there was no fault in the advertising campaign conducted by the secretary. It is very easy to see that the fault rests largely, if not entirely, with the farmers. The business men of the town have suffered largely both in time and money, and it is difficult to see what more they could have done. Some of the complaints regarding the prizes, and the smallness of the prizes, and yet the management is entirely in the hands of the farmers and if anything is wrong in that respect the remedy is in their own hands.

After visiting the Staveland and Grinnam Fairs, we have to acknowledge that we felt thoroughly ashamed of the smallness of the exhibit at our own fair. An agricultural district such as Claresholm possesses ought to have a fair which would be second to none in the province.

It is so hoped that the farmers of this district will make up their minds that next year they have a fair that they can be proud of. We are aware that complaints regarding the management have been numerous. If there have been mistakes, it is in the interest of all that these be remedied. Let us know what is wrong. The columns of this paper are open for correspondence, and we would be pleased to convey to the directors of the Agricultural Society the criticisms and suggestions of our readers.

Staveland News

Born, to Mr. and Mrs. Rolston, a son.

A large number of Claresholm people were in Staveland on Friday.

J. H. Walton had to exhibit at the fair and carried off 15 prizes.

Mr. and Mrs. Lelaw spent last Sunday out of town.

Rev. Kennedy went to Vulcan on Tuesday last.

Mr. and Mrs. Simmonson were passengers North on Tuesday morning.

The sermon by Mr. Hoskins last Sunday was much enjoyed by all who were privileged to hear it. The subject of Patriotism was very aptly expounded.

One of our local men was caught right in the act last Sunday and fined \$10.00. To fish without a license is illegal in Alberta, so pay up before you go west.

The Women's Institute meets on Saturday next at the Rest Room. Arrangements have been made for a very pleasant afternoon. It is hoped that every lady will be present.

Something happened not far from town to one of our local livermen in the early hours of the morning. How he managed to run into an automobile, he does not quite understand, but he thinks he must have fallen asleep. It was pretty late to keep the wheels busy, and Papa would have sent him home before. But sleeping in a buggy is never very safe.

Don't Forget

Every farmer should plan to visit the Experimental Farms next Monday, Tuesday and Wednesday. Monday will be the big day for visitors, although it is hoped that there will be a large attendance through the three days course.

The program will include the following: Judging, feeding, and care of live stock; Diseases of farm animals and their treatment; Study of crops and cultural methods; Identification of weeds and weed seeds; Barn plans suitable for Alberta; The farm gasoline engine; Farm dairying; Farm poultry problems; Household sciences, including cooking, canning, laundering, sewing and home nursing.

A large number of school students will be present to give practical demonstrations of the work being done.

Make it Wednesday—Monday, Tuesday and Wednesday of next week.

We very much regret that we are unable to publish a full report of the week. The time has crowded us too full.

EDITORIAL NOTES

The Privy Council has decided that land held by lease from the Dominion Government can be taxed for school and other taxes levied by the municipalities or the province. This will be welcome news to some of the municipalities in Alberta. A large number of cases in Alberta have been awaiting this decision of the Privy Council.

Sir Douglas Haig said recently to a press correspondent that, "Britain would not follow her full strength on land until next summer." The problem, he said, of the Allies for the last two years has been, "to hold Germany from forcing a decision. The 3rd year will be the Allies year when Germany will be driven from French and Belgium soil. The army will go on delivering blow after blow until they have won that victory for force of arms, which will ensure an enduring peace."

A great loss of life and property occurred as the result of forest fires in Northern Ontario. Many towns have been completely wiped out and about 500 deaths have been reported.

The New Brunswick and Saskatchewan governments have decided to impose taxation to help defray that may occur in the Patriotic Funds. The voluntary contributions have been taken up. It is to be hoped that our own government will do the same. This, we believe would be far better than the plan decided on by the committee at Calgary. To publish the names of those who have not put their names on the public subscription list might do an injustice to some who have contributed largely in other ways.

The Gorman government is said to be paying for blowing up all munitions that are made for the Allies. The loss through the explosion in New York on Sunday has been estimated at nearly \$45,000,000. The casualties thus reported are 3 dead, 35 injured and 20 missing.

Hill Breezes

The Allertan is advertising Fred Hessel's automatic stoker. If it is said that it is claimed for it, it will be a great labor saver and money maker for the farmer.

NOTICE

A very pleasant time was spent at the home of Mr. A. E. Fletcher on Friday night, July 21st. There was a large number present, and everybody thoroughly enjoyed the evening. Our old friend Joe was there in all his glory. There were two trials this time, but Joe got the home share. Dancing was the order of the evening and no such thing as the TRIST CREEK at a point on the Northeast quarter of Section 24, Township 11, Range 28, west of the 4th meridian, for irrigation purposes, and for the right to control the necessary works, as shown by the memorial and plans filed to enable the water so diverted to be used for the said irrigation purposes on the southeast quarter of said section 24.

The Stavelly Fair

The Stavelly Agricultural Exhibition was one of the most successful ever held in the district. The weather was ideal, and early in the morning a large number of people of every description arrived bringing visitors from the neighboring towns and country. Great credit is due to the secretary and management committee and all committees for the excellent arrangements that had been made, not a jar occurred and everything worked like clock work.

The exhibit in every class was far better than was expected. The prizes for the best bread and pastry were very keenly contested for, and the judge, Mr. Geo. Barber, had a good hard morning's work.

The exhibit given by the Agricultural Society to the C.P.A. was the best exhibit, was won this year by the Mountain Creek Union. There was very little to decide between the exhibits, and such had every reason to be proud of the fine display of produce. As it was the showing was only five points ahead in 129.

Balfour was ahead of Mountain Peak 14 points in number of varieties, 3 points in grain in stock, 24 points in vegetables and 2 points in threshed grain. Mountain Peak was 1 point ahead on general appearance, 3 points on grasses in stock, 3 points on threshed grain, 2 points on clover, 2 points on alfalfa, and 2 points on fruit.

The exhibits of fancy work, photography, drawing and painting were numerous, and without an exception reflected great credit on the exhibitors.

The live stock entries were large, especially in cattle and horses. The judges, who were all from outside points, gave universal satisfaction.

So far as the real object of the exhibition, the committee has good reason to feel that time and effort were not wasted. The exhibits of the produce of the farm, and the encouragement given the farmers and the farmers' wives to produce the very best possible will bear fruit, and will result in a better exhibit next year.

The additional attraction provided such as the horse racing and baseball, took up most of the afternoon. The horse racing was held where, and the full prize list will be published in next week's issue.

The town band surprised everybody with the fine music rendered. The selections were well chosen, and

Death of Mrs. Ole Galde

After a long lingering illness, Mrs. Anna Galde, wife of Ole Galde, died in the early morning of August 1st. Her death was not unexpected. For some weeks she had been lingering in the shadows and no doubt death came as a happy release from suffering.

Her maiden name was Anna Glemstad. She was born in Norway, where her mother still lives, but at the early age of nine she came to America and resided in North Dakota, until 1911, when she came to Claresholm. She was quite young, being a few days short of 24 years. A husband, and one daughter, seven years of age, are left to mourn her loss. She was also one brother living in Alberta, and a sister and brother in North Dakota. The cause of her death was tuberculosis.

Mrs. Galde has many friends, and was beloved by all who knew her.

The funeral took place on Thursday from the Methodist church, Rev. M. Hillard and Rev. McEwen officiating.

Death of Mrs. W. J. Elliott

The death of Mrs. W. J. Elliott occurred at her home in Peterboro, Ont., on July 26th. Mrs. Elliott was well known in Claresholm having resided on a farm a few miles west of town for several years, and having been a live worker in the Methodist church. For a great many years she was a martyr to asthma, and it is surprising that she should have lived so long. The family came from Manitoba to Alberta, hoping the change would be beneficial, and lately returned to Ontario with the same purpose in view. The husband and family have the sympathy of the many friends in Claresholm in this time of sorrow.

CORRESPONDENCE

One of our correspondents writes as follows:

The Stavelly Annual Fair this year was, in every respect, the most successful yet held here, and we believe, from opinion expressed by outside parties, it was the most successful Small Town Fair ever held in Southern Alberta.

Comparing the fair with Claresholm, for instance, there is one thing the Directors of the Stavelly Fair evidently overlooked, and that is, charging for automobiles. Now at Claresholm, when a car drove up to the gate, with four people in it, one of the occupants would get out and get four tickets (\$2.00), and then the ticket taker would ask for their money, in case they should continue their heavy charging next year.

Stavelly Fair possibly lost a little revenue, but they lost no friends—everybody will come again next year and bring someone with them.

For Sale 100 Acres, 3 miles from Claresholm, all broken, well suited for summer fallow; barn, well suited for 221 per acre cash. Will sell. Inquire at Review-Advertiser office.

Last week we received from the Dominion government several copies of Remarque's famous cartoons. The wanton destruction of Belgium and the terrible treatment accorded the gallant people of that country, is portrayed very vividly by the author. A glance through one of these would open the eyes of the indifferent and stir up the slakers to a sense of their duty. The books are being distributed throughout Canada and the U.S.

The report of the Meredith-Deff commission make it plain, that Col. J. W. Allison benefited by war contracts; that Col. Carnegie lost contracts much higher than was warranted; and that Canadian manufacturers and not American should have made the fuss. Col. Sam Hughes was exonerated from any responsibility. This will give some satisfaction to the Canadian public. Col. Sam has, no doubt, done splendid work in his department for which we must in justice give him credit. Some of the charges made by Mr. Kyle and Mr. Carvel were false, and the country has been to a tremendous expense to prove them so.

The Red Cross wishes to publicly thank all the tappers for their splendid effort on Tag Day. Also Mr. Fisher and Mr. John Fraser for many kindnesses.

The beautiful doll, donated to the Red Cross by Mr. Fisher, was won by little Grace Amundson, No. 185. Marion Miles drew the lucky ticket from the hat.

As is known, wheat is being threshed by electric power. Nine wheat growers have organized a co-operative company, purchased an outfit, and cure current over a transmission line. They claim the cost is fifty per cent less than threshing by steam power.

"In the daytime I'm too busy an
at night I'm too sleepy."

"What have you got in the shape of cucumbers this morning?" asked a customer of an inexperienced shop assistant. "Nothing but bananas, ma'am!" replied the youth.

Have You Ever Known a

Man to Cut His Own Hair?

You can do it without any teaching, free or better; you can cut it in your own style, in an easy, pleasant way, every morning or 365 days in the year, and all for ONE DOLLAR—your first and last outlay. The machine will last a lifetime, and any boy can use it with safety, pleasure and satisfaction.

Mother! Think for one moment what this article, if kept in the house, means to you. Every morning your boys can go to school with neatly trimmed heads of hair. Think what a difference this will make to you in making. No more black dirty pillow cases and what a comfort for the boys themselves will come by keeping their hair short and only this last summer, and look at the family saving. What a lot of money you will save in a year. Naturally you will say, "But how is this to be done?" Well, cut or send one dollar to J. W. ELLIS, the Shaverman, opposite the Alberta Hotel, Granum, for the new
